

Air Waybill No.	Origin	Destination
-----------------	--------	-------------

All questions on this checklist must be answered. If answered "NO" to any of the following, the issue must be corrected prior to acceptance by Air Canada Cargo.

REQUIRED CHECKS		YES	NO	N/A
1	The funeral home has validated all import requirements for the carriage human remains and is compliant.			
2	The funeral home acknowledges that Air Canada Cargo is not responsible for import delays due to improper paperwork, permits or permissions for related human remains transportation.			
3	If the remains are embalmed, they are hermetically sealed and meet all requirements for air transportation as per IATA guidelines and local government entities.			
4a	If the remains are non-embalmed, the remains have been sprinkled with special absorbent (i.e. Ardol) for binding and disinfection of any leaking body fluids.			
4b	Are the remains wrapped in two clothes soaked in formalin (10% solution) or another suitable disinfectant?			
4c	Is the body in a hermetically sealed inner containment? Has the exterior of the containment been disinfected?			
4d	Is the body placed in a secondary sealed containment with its exterior disinfected?			
DOCUMENTATION		YES	NO	N/A
5	A certificate detailing the date, time and manner of disinfection must be tendered with the shipment and issued by the undertaker or funeral director.			
6	All documents are tendered with the shipment including import permits, special permissions, death certificates and passports (if applicable)			

The shipping funeral home certifies that the above checks and documentation requirements have been met and are compliant with IATA guidelines regarding the transport of Human Remains by air.
